

Our company is a member of the ELIQUO Water Group, one of the largest German equipment manufacturers in the sector. The responsible handling of water is one of the greatest challenges of our time. Water is a precious and vital resource. Water treatment is essential to sustaining any human activity and requires a high degree of technical knowledge.

ELIQUO Hydrok Ltd aim is to develop sustainable solutions that minimise the environmental impact of the water industry by delivering environmentally considerate, cost effective and practical solutions from planning, design, manufacture, through to installation and commissioning.

It is the intention of **ELIQUO** Hydrok to adopt a stewardship approach to environmental management within the South West and Water Engineering Industry. The importance of identifying our impacts and managing them successfully not only contributes to our operational efficiency and business prosperity, but to the welfare of the surrounding environment both today and in the future.

Our impacts on the environment have been identified as:

- Transport
- Energy use
- Use of resources
- Waste Management

To ensure we reduce our environmental impact and continually improve our environmental performance, **ELIQUO** Hydrok has set the following policy aims:

- Ensure our business is energy efficient and continue to review our procurement policies to reflect this
- Incorporate ‘Reduce, Reuse and Recycle’ philosophy to minimise our waste streams
- Measure and reduce our carbon emissions
- Work with our customers and suppliers to ensure that packaging is kept to a minimum
- Take responsibility to prevent contamination or pollution of the surrounding environment
- Ensure our processes meet all legislative requirements

This policy, along with our achievements of objectives and targets will be disseminated throughout the Company and made available to all interested parties.

At **ELIQUO** Hydrok we recognise that in order to achieve our environmental aims, we require the commitment of all our staff, suppliers and customers. Our Environmental Policy is incorporated into our daily activities and environmental awareness is effectively communicated to all areas.

Signed:

Lewis O'Brien
